CAREER OBJECTIVE

Recent Computer Science undergraduate from the University of Kabianga awaiting graduation in November 2026, seeking an internship or attachment opportunity in data systems, monitoring, and field operations. Interested in applying technical, analytical, and problem-solving skills to support data quality, reporting, and community-focused programs while gaining practical experience in monitoring and evaluation.

EDUCATION

Bachelor of Science in Computer Science

University of Kabianga

Expected Graduation: November 2026

Relevant Coursework

- Coding & Programming
- Web Development
- Database Systems
- Data Structures & Algorithms
- Artificial Intelligence
- Software Engineering

PRACTICAL EXPERIENCE

- Built a web-based application for detecting AI-generated and copied exam answers using writing pattern analysis and machine learning concepts.
- Worked with datasets, testing, debugging, and improving system accuracy.
- Used Python and Flask to develop backend functionality and automate analysis processes.
- Participated in team-based academic projects requiring collaboration, documentation, and problem-solving.

DATA & DIGITAL SKILLS

- Microsoft Excel & Google Sheets
- Data Entry and Data Organization
- Basic Data Analysis
- Python Programming
- Web Application Development
- Git & GitHub
- Report Documentation

SOFT SKILLS

- Communication Skills
- Teamwork and Collaboration
- Attention to Detail
- Problem Solving
- Adaptability
- Time Management

LANGUAGES

- English
- Kiswahili
